NORTH HAVEN.

July 22 .- A little reminder of the entertainment to be given by the National band of Wallingford in Memorial hall to-morrow evening may not be amiss, although all living near the center will doubtless be aware of the fact that the musicians have arrived, for it is proposed to commence the program at the station and play national airs from there to the hall. A good, patriot-ic evening is assured. Vocal solos by Mr. F. J. Hall, with plane music by Mrs. Carrie Fenn Peers will be one at tractive feature, of which there are many. Admission 25 cents. Doors open

at 7; concert begins at 8.

Rev. Mr. Clark of Whitneyville interested the people of the Congregational church on Sunday morning, in the absence of Rev. Mr. Lathrop, who is taking his summer vacation. It the evening S. B. Thorpe gave a short talk on the townspeople of earlier days, taking the families of the Barnes, Bassetts, Brocketts, Thorpes, Todds and Tuttles. It was a mistake that a more definite notice of the subject, and the name of the speaker, were not given, for, notwithstanding the hot weather, the room would have been full.

The Collapse of the Dime Savings Bank Shakes Confidence.

Willimantic, July 22.-The citizens of Willimantic are apparently struck dumb at the situation which confronts them as a result of the collapse of the Dime Savings bank. The situation is very serious and no one seems to know where to turn. To-day has been a very gloomy one for this usually active and thriving town. The people, and especially those whose business necessitates dealings with banks, are suspicious of everyone as matters now stand. To-day a slight run has been in progress at the Institute Savings bank. This bank, however, is financially sound and is readily paying depositors. The corporators of the collapsed bank have been in session all day. At 4 o'clock this afternoon they elected the following new officers; President, E. A. Buck, exbank commissioner; vice president, John Scott; treasurer, E. H. Holmes; board of directors, Frederick Rogers, E. H. Holmes, Jeremiah O. Sullivan, William C. Jillson, Dennis Shea, C. B. Pomeroy and Marshall Tilden.

There is absolutely no trace of Walden, the missing treasurer, but it is thought he has sailed for Australia or started for Central America

Oil Stove Explosion-Portland Wome Terribly Burned.

Middletown, July 22 .- An oil stove exploded in the kitchen of Mrs. Carl Anderson, who resides in a tenement back of the Edwards block in Portland, this afternoon. The flying pieces struck on the upper part of Mrs. Anderson's person and set fire to her clothing. screams attracted the attention of John Carlson, who lives next door. He ran to her rescue. Carlson was badly injured about the hands and arms in stripping the clothing from Mrs. Anderson, who is terribly burned about the face and breast. Most of her hair is gone. She

Work of the Lightning-A Narrow Escape "ilford's Postmaster- xcitement at Woodmont | lectric Car Station-A Fine Cow Killed Near Bridgeport-A Hungarian's Death-The Gun Was Loaded-U. S. Senator Stewart-General News. Milford, July 22.-William B. Brother ton, postmaster at Milford, narrowly escaped being struck by lightning last night about 9 o'clock. There was a

that time, which had a good deal of business in it. While the tempest was on Mr. Brotherton and his son sat on the verandah

in front of his house admiring the

beautiful electrical display. Suddenly a dart of fire came from over the neak of the house and before they knew it father and son were nearly blinded and deafened by the bright flash and loud report of a thunderbolt within a foot of them. Mr. Brotherton said the ex-plosion sounded like the report of a giant fire cracker. He nor his son could not speak for a moment they were so dumbfounded, but neither of hem was shocked.

lightning entered the open front door leading off the verandah and was attracted to an electric wire used for call bells. The current followed the wire into the cellar, where it ran into the bottom of the cellar, digging up the cement and a large hole in the ground. Strangely the lightning did not do any

damage to anything.

The lightning flashed almost incesover Milford during the storm which lasted over an hour.

A BIG DISPLAY AT WOODMONT. There was a very vivid display of lightning at Woodmont.

Miss Margaret Little of Springfield, who is stopping at "The Elms," received a shock while standing in the electric station. She and a lady Miss Pierce of Waterbury, and Dana Bartholomew, jr., of Ansonia, who is living at Woodmont, were together.
Lightning was playing all around
them, probably attracted by the net
work of electric wires in the vicinity. Of a sudden a brilliant blast of electriflame enveloped everybody. The wobewildered. Miss Little was ren dered unconscious. The lightning bolt injury, but she received a severe shock Dr. Heady, a guest at one of the Woodmont cottages, was called, and rendered assistance to the young lady, and she recovered from the shock only after being unconscious for an hour. She was recovering nicely yesterday.

IN BRIDGEPORT.

A big oak on Samuel Gilbert's farm in the northern part of the city was felled by the lightning and a valuable Jersey cow on a lot nearby was killed. On the East Main street division of the electric street car line, the motors of a car were destroyed, the lights went out, and several women fainted in the darkness. All the passengers felt the shock, but none of them were badly injured.

THE SILVER KING IN MERIDEN Meriden, July 22.—Senator W. M. Stewart of Nevada paid Meriden another visit to-day. He was at once taken out driving by his friend, H. B. Beach, and so he could not be interviewed. He has horses in training at the Silver City Stock farm here, and it is report ed that he is to buy land in this vicinity, and have a stock farm of his own to include a fine training track. WAS FOOLING WITH A LOADED

GUN. South Norwalk July 22 .- Stephen Bardees, aged sixteen years, and a Hungarian, was killed at his home yesterday by the accidental discharge of a called for this evening at the Lakeside's | rifle. The bullet entered his throat and split, one half entering his brain and the other half going out the back of his neck, brushing his spine. He thought the rifle was not loaded and had pointed it at several other inmates of the room just before the fatal discharge.

COOLER TO-DAY.

The Community Sweitered Yesterday Bu It Has Not Been a Hot July.

The third hot wave of the season was passing away last evening and to-day it will be cooler. The extreme hot weather was not general, being confined chiefly to New England, though it was hot in New York and Pennsylrania.

Sunday's temperature of 89 was not eached yesterday, though the community sweltered yesterday in a temperature of 86 during the morning. The shower about noon cooled the atmos phere and the mercury dropped to 80, but soon rose, and recorded 86 at 5 p. m., at which hour it began to fall These are the weather bureau's official figures

But General Humidity got in his work esterday and ran up during the day to 83 and 84 per cent., against 80 per cent. Sunday. Then, too, there was little wind. It did get up a point at one time of the day of eight miles, but at one time it was an hour making a mile, according to the instrument in the weather bureau office. "But," said Weather Observer Meyers

last evening, "we shall have cooler weather to-morrow, It has already struck western New York. The wind will be west or north to northwest." He said July had not been a hot nonth. Looking at the records of the office he said the mean temperature for July was 73. Thus far this month it

The Connecticut Hibernian Rifles Will Identified With the National Body. The several companies of Hibernian

Rifles in this state are soon to become consolidated with the Irish-American Military union, a national body of the rifles. The consolidation will give the state companies many advantages which they do not now possess.

There are eight companies at present in the state, and all have been seen or communicated with in regard to the matter. The national organization will hold an encampment next July. companies of rifles in the state have formed only a state organization in the past, and the body has consequently suffered from not being as general in its character as it might have been, The new move will put them in touch with national military affairs at the same time that it will make them members of the national organization.

Thus far, Putnam, Winsted, Waterbury, New Britain, Bridgeport and Danbury have furnished companies to rifle who have either joined or expressed their willingness to become members of the national body
